

NYUCancerInstitute

You are currently scheduled for Brachytherapy on:

Please follow these instructions:

- Pre-surgical testing needs to be done 7 to 21 days before your procedure. You must call **212-263-5985** to schedule testing. (Please discuss alternatives to this testing with your urologist).
- Please remember to follow the **Prostate Implant instruction sheet**.
- **Do not eat or drink** anything after midnight (12 a.m.) the night before your surgery.
- Your procedure will be done on the **2nd** floor of the **Schwartz Healthcare Center** (take the **G** elevators). Please arrive one hour before your appointment.
- Please have an adult take you home when your procedure is finished. Allow 3 to 4 hours from the time you arrive.
